

A beautiful smile gives you confidence and that confidence is seen by others. Regardless of your choice of treatment, treatment itself will change your life for the better. Whether it's the self-assurance that comes with a great smile or the improved health that comes with a perfect bite, orthodontic treatment is a great investment in yourself.

"Comfort was the most important thing to me. I play for the school volleyball team, so I was really nervous about getting hit in the mouth, but when I did get bumped, I found out I did not have a problem because they were so smooth."

Taylor, patient
Elkhart Lake, Wisconsin

Invisible braces

When seeking orthodontic treatment, the word "invisible" has rarely been used to describe braces. Until recently, the only two options for brackets, the main components of braces, were made from metal or cloudy ceramic material. Because tooth enamel varies in shade, translucency, and color, cloudy ceramic braces may not blend perfectly with your teeth.

Pure sapphire

Radiance braces are different. They're made from pure sapphire, a material second only to diamonds for hardness, clarity, and brilliance. Radiance braces are crystal clear and virtually disappear on your teeth. Offering you the esthetics of a translucent jewel while ensuring the highest level of safety and reliability that your orthodontist demands, Radiance is a beautifully clear choice for orthodontic treatment.

Live life while straightening your teeth

"I was doing 'A Christmas Carol' at the Goodman Theater in Chicago and I couldn't afford for my braces to be seen by the audience or effect my speech. Radiance was amazing, no one saw my braces and I could easily deliver my lines."

Mitchell, patient
Waukegan, Illinois

"I love them, they are so smooth! I almost feel like I don't have braces on my teeth."

Megan, patient
Chicago, Illinois

"There is no doubt in my mind that the Radiance bracket is the best ceramic bracket on the market."

Dr. Todd Fischer
Jacksonville, North Carolina

"Radiance is really the best ceramic bracket I have ever used. My patients love them."

Dr. Scott Jamieson
Marquette, Michigan

A confident smile

Orthodontic treatment is a wise investment in the health of your teeth and in the confidence of your smile. Ask your doctor if Radiance is an option for you.
